

Privacy Form for Classroom Tools

Below is a current list of all software, web applications, and other online learning tools that your children may use throughout the school year. This is a comprehensive list for the entire school; it is not specific to any grade or classroom. Each of these tools has an individual privacy policy outlining how they safeguard student data, what information they collect, and how it is used. While we have reviewed these tools and approved them for classroom use, it is up to you, as the parents, to read the privacy policies, address any concerns you have, and consent to their use on behalf of your children. This list will remain available and any new tools that are added during the course of the year will require your approval on an individual basis.

Please sign to acknowledge that you have reviewed this list of tools and their individual policies and that you consent to their use as a tool for learning this school year.
